Dear Ashton:

On behalf of the staff and residents of the Sheridan Unit of the Manhattan Developmental Center, I want to thank you for inviting us to attend the Harlem Water Ballet on August 26, 1977. Our clients thoroughly enjoyed the music and color of the performance.

We believe that our residents are entitled to a broad range of recreational experiences. Frequently we must depend on the generosity of organizations such as yours to help us provide this for our clients.

Thank you for your interest in our residents.

Sincerely yours,

Judy Trent,
Volunteer Supervisor
